Dear Parents

It's a matter of pleasure that we have successfully completed a mirthful and fruitful academic session 2017-18 with co-operation from all ends; management, parents, staff and students. The results of the annual examination conducted for the students of class LKG to IX have been made public where it is observed that hundred percent students have come out successfully in their respective classes. The students appearing AISSE 2017-18 are quite enthusiastic while getting in to the examination hall and a mark of contentment can be seen in their faces while coming out from the examination center. I wish they will keep on this hilarity at the time of publication of result.

With the commencement classes after the publication of annual results, the teachers started revision of old course and introduction of concepts in the first chapter. We are going to formally welcome the new comers along with the existing students to their next higher classes on 2nd April 2018.

Hope this session is going to be another successful year for all of us.

Wishing you all a very Happy Utkal Divas and soliciting your valuable and constructive suggestions.

With warm regards

Sanatan Mahapatra

Principal
