

July 2017

Dear parents,

July is the busiest month of an academic year. The campus is bustling with academic activities. There is an enormous gathering of young inquisitive minds with their vision set on a wonderful and prosperous career prospective. No doubt Hard work, perseverance and diligence are the qualities required to achieve academic brilliance and any single off-track step can carry one far away from his/her career objective. It is expected that the students will be loyal and responsible in their studies and prove their worth in the academic arena. I hope in the matters of imparting discipline I will enjoy parental confidence and support.

VANI-VINAYAK PUJA

The new academic session began with the invocation Lord Ganesh and Maa Saraswati where all the students of VJC (science & Commerce) joined and took the blessing of the deities for a flourishing academic year.

NEWSLETTER
