Dear Parents

March is the cruelest month of strain, stress and pressure - pressure of examinations. But believe me, our students had neither of the above things, they were happy and carefree and prepared for their examinations with a spirit beyond compare. The classroom corridors changed into the corridors of inspiration. I felt as if everybody was in an adventurous mood out to conquer the unknown world. As a result, all the students of class X and XII who appeared at the CBSE Board examination have, I believe, put up the best performance according to their potential. We have pushed the students to the hilt, because the teachers were there all the time by their side to help them, clarify their doubts, to inspire them and to support them. We also performed 'havan' and sought the blessing of God for all our students. God bless the students of Vikash, Bhubaneswar.

The New session for the students of L.K.G to IX began on 20th of March 2017. The young boys and girls who took admission for the session 2017-18 joined the school on 26th of March. All possible care has been taken by all of us. Three gent teachers and two lady teachers are spending time after the school with the new boys and girls. I personally meet and talk to them almost every day. Things are looking good and I hope the new students will get familiar with their new surrounding very soon.

THANK YOU
