

NEWSLETTER - FEBRUARY 2018

M-R VACCINATION

“ A healthy body can have a healthy mind “.

On 08.02.18 we had M-R Vaccination in our school with the nice cooperation of parents and students. Around 150 students of the school were vaccinated M R vaccine under the supervision of Health and Medical Department of Odisha.

POPCORN DAY CELEBRATION :-

We provide a visual imagery of the bursting of popcorn and as the popcorn was bursting out of the popcorn machine the happiness also burst out in the face of small little kids. They were jumping, screaming , shouting with happiness. We also provide them the idea of how to make popcorn.

NATIONAL SCIENCE DAY :-

Science day was celebrated on 28.02.18 to grow influence of science and technology in the lives of people. It is celebrated to honour the recognition given to Dr. C V Raman for the discovery of the 'Raman effect'. The days proceedings began with a speech on 'Importance of science and technology in our day to day life' followed by an activity .

HOLI CELEBRATION :-

The students, teachers and staff celebrated Holi on 27.08.18 in advance as the school will remain close on 02.03.18. The students play Holi with organic colours and flowers. A cultural show was also organised where blooming buds of the primary and pre- primary sections sang songs, danced and sprinkled colours on each other.

Thanks and Regards
V.Shailaja
Principal
